Some of the groups/venues we visited this month:

- Rotherham Sight and Sound
- Migrant drop-in
- Shiloh
- S62 Community Together
- Rotherham Hospital
- Tesco

August
2024

Here's what you shared.....

" Village Surgery at Thurcroft is so good. I feel lucky to have such good care. I'm a diabetic and they monitor me really closely."

"I'm visually impaired and my pharmacy know this. My meds review is written on part of my prescription but I can't see this, I'd just like them to tell me"

"The new 'Mental Health Matters' service is fantastic (was Safe Space) I called them up and was offered a 45 minute appointment to come down straight away"

"I'm really struggling at the moment, almost homeless, no money, not eating. I've asked social care for help but they haven't offered anything"

"Mental Health support is not good at all. What would make a difference is to have workers with 'Lived Experience'"
