"I've been told I have heart failure, but I've had no further appointments or follow ups!?"

"Care for the elderly is very poor. Healthcare professionals seem to want to withdraw medication, despite there being hope for loved ones"

"I've been an inpatient in Rotherham Hospital several times now and every time, the care has been excellent."

"What's happened to Women's clinics, they were a fantastic service, they had one weekly at my GP surgery?"

"I have mobility issues and because I can't use IT very well, I have to travel 30 minutes to my GP surgery to order my repeat prescriptions!"

"The RNID drop-ins are great for getting replacement batteries and/or tubes. It's a good job we don't have to wait for an appointment at Greasbrough Road!"
