Here's what you shared.....

- *I wish it was always possible for hospital appointments to be cancelled within reasonable timescales - I travelled on public transport and arrived to find my hospital appointment had been cancelled.*
- *The Targeted Lung Health Screen test is such a good idea - I'm going next week!*
- *I am worried about everything going digital - I have to ask my daughter for help with anything technical regarding health appointments and health information.*
- *I'm finding it hard at times to get my prescriptions - they aren't always available which is going to impact my health.*
- *The staff in AMU at the hospital are absolutely lovely, so kind, considerate and caring!*
