

# Spotlight Shares....

Some of the groups/venues we visited this month:

January  
2025

- Rotherham Sight & Sound
- Action Housing
- Shiloh
- Deaf Futures
- Willows School
- Rush House

## Here's what you shared.....

*"Swallownest Health Centre are now using a call back service, this seems to be working well!"*

*"The NHS app, I don't like it, I find it hard to use. There must be older people that are finding this even harder than me?"*

*"The Physio service at the moment seems really good. I called a number for an appointment and was given one locally within a couple of days!"*

*"I feel judged because of my situation and feel that I am treated very differently to others" (Someone experiencing homelessness)*

*"At our GP surgery there is a screen which shows your name when it's time for your appointment but it also says your name too. That's great, but sometimes the sound doesn't work, so if you're visually impaired, you wouldn't know to make your way to your appointment"*
