Some of the groups/venues we visited this month:

- Rotherham Deaf Futures
- Making Space - Dementia cafes
- Tesco - Rotherham Town Ctr
- Coffee and Co. - St Bartholomew's
- Willows School
- Shiloh

May 2024

Here's what you shared.....

"I have tried the new Anima system that my GP practice is using, but I've spent hours trying to work out how to use it, I gave up in the end."

"I've been with my GP for 23 years and have had to leave as they won't provide a BSL interpreter, even though they used to"

"I have a stoma nurse and she is fantastic! I can always get hold of her when I need her and she helps me when I need to contact other health professionals"

"I have been a patient at Broom Lane Medical Centre for over 25 years and I've never had any concerns or anything to complain about, in fact quite the opposite!"

"I don't think there is enough support or information for carers who are looking after loved ones with Dementia/Alzheimers. Thanks to Making Space who made me aware of the Herbert Protocol"
