Here's what you shared.....

"Called the ambulance as my husband was having chest pains. The ambulance arrived quickly and the paramedics were very efficient and reassuring. Could not have asked for a better team. very easy to access service , good care!"

"My son has autism - he has been unable to access mental health support because all of his difficulties are put down to his autism"

"The Firefly service is excellent! It's completely stress free unlike trying to park at many hospitals. The staff are kind, the vans are lovely and clean. I was referred for this service by my oncologist! Brilliant!"

"I ordered my repeat prescription on the NHS app. Quite a few times there has been medication missing and they are my heart tablets which are important. I'm going to go into my GP to speak with them about the problem. I also had to wait 3 months recently for my allergy medication."

"A&E waiting times are far too long, this needs sorting out!"

"The fracture clinic at Rotherham hospital is brilliant!"
