

# Spotlight Shares....

## Some of the groups/venues we visited this month:

- **Bramley Parish Council Coffee morning**
- **Breathing Space**
- **Heart of Knitting group**
- **Tesco (Town Centre)**

November  
2023

## Here's what you shared.....

*"The ambulance service provided an amazing service to me and my wife. We had to call them out 5 times in 6 months when my wife was ill and they were quick and the staff provided great care and service. Fantastic!"*

*"Dosette boxes should be provided to everyone who takes multiple tablets each day and particularly to those with dementia. What if a person takes an overdose as their prescription isn't organised and they aren't fit or well enough to organise the tablets themselves?"*

*"My wife made an appointment back in May for an eye test, she's still waiting for the appt to go ahead as the opticians say they cannot get a BSL interpreter."*

*"My husband had a GP appointment and arrived at the GP before me. I followed him in and asked the receptionist if he had arrived, but she told me she could not give out that information. A lady in the waiting room asked me what my husbands name was as his name had come up on the waiting room screen."*
